Dear Judge Chin:

We are counsel for Eugenia VI Venture Holdings, Ltd. in these six actions. As you know, the defendants in one action, Index No. 05 CV 5362, have moved to dismiss on grounds of lack of diversity. In their moving papers, these defendants allege that they are aliens for purposes of diversity.

This claim is contrary to the allegations of the complaint, which alleges that the defendants are not aliens for diversity purposes. To the extent that this motion is to be treated as a motion to dismiss, it must be dismissed because the complaint adequately alleges diversity. To the extent that this motion is intended to be, and will be deemed, a motion for summary judgment, we respectfully submit that we are entitled to discovery on the question of defendants' citizenship before we may be compelled to answer the motion.

When I raised this issue with Your Honor at the last status conference, you directed us to first read the papers, then advise the defendants if we believed we needed discovery, and then involve the court if there was a disagreement. We appear to have reached that point.

The defendants are refusing to give us a deposition of the executive most knowledgeable on these questions, Robert Glaser. We respectfully ask either that the court deny the motion, or extend our time to oppose it until 30 days after Mr. Glaser is deposed.

Respectfully,

Mitchell A. Karlan
